DISCOVER WORLD CLASS STYLE AND DURABILITY.

9800

YOU CAN TRAVEL THE WORLD AND NEVER FIND A BETTER GARAGE DOOR

Model 9800 has been magnificently engineered by Wayne-Dalton with an artfully molded wood-grain fiberglass surface concealing durable steel construction. Exclusive high definition graining creates the warmth and beauty of real wood, without the maintenance of real wood. The 9800 is energy-efficient, quiet, pinch-resistant and boasts a beautiful design that will complement your home. Utilizing Therma-Tru's patented AccuGrain™ technology, Wayne-Dalton has skillfully created a true industry gold standard in the Model 9800.

Model 9800 vertical panels in mahogany 8' high.

Model 9800 horizontal panels in oak 7' high.

FEEL THE DIFFERENCE.

The 9800 series doors have the appearance of authentic hardwood. A superior graining process, combined with high-performance garage door construction, produces a realistic, natural-looking wood texture, pattern and appearance. And, the surface of the model 9800 won't warp, crack or rot like wood, or dent or ding like steel might, providing years of outstanding performance.

define your personal
style behind the flaps.

PERFORMANCE FEATURES

Foamed-in-place polyurethane insulation with an R-value of 7.6* helps control costly heat loss and gain. This type of insulation can diminish street noise and makes the door more quiet as it operates.

Designed with award-winning safety and technology features including pinch-resistant door panels and our TorqueMaster® Plus counterbalance system that safely encloses the springs inside a protective steel tube†. A Wayne-Dalton exclusive.

* Insulation values have been calculated in compliance with Dasma TDS-163 industry standards.

† TorqueMaster counterbalance is available where door weight allows. Torsion springs may be required for larger doors.

1

STYLE

The 9800 comes in a variety of architectural styles to add beauty and value to your home. Three-section styling on 7' high doors gives a custom design look. Our 8' high doors have four-section styling. All panels have white finished interiors with matching, low-profile hinges. See a sales representative for more details.
